

PATIENT STORY

Anya came to Your Options Medical (YOM) overwhelmed and nervous. As an older mom with other children, the positive pregnancy test came as a shock. She began doing research and learned about the abortion pill. She set up a Telehealth appointment with YOM and as the nurse explained the process and the need for an ultrasound first, Anya agreed to schedule her ultrasound appointment.

At the appointment with YOM, Anya shared that her and her husband both agreed they were too old for another baby and an abortion would be their best option. Anya also shared with her Advocate that she was a Christian so she believed abortion to be wrong but felt God would just have to forgive her for this decision.

During the ultrasound when the nurse measured the heartbeat, Anya was amazed. She thought being so early in pregnancy that the baby was not even technically a human yet. But if there was a heartbeat, she knew without a doubt that this living being growing inside of her was a human. With tears flowing down her cheeks, she proclaimed that she could no longer have an abortion. YOM's staff encouraged Anya that the Lord would equip her and her husband with all that they would need to raise another little one.

Anya came back for a follow up appointment with her husband and they both agreed as Christians, they could not go through with an abortion. They were planning to have this baby no matter the difficulties and challenges they faced. Anya thanked the staff at YOM for giving her truth—she fully believes God brought her to YOM to learn the truth: that the baby within the womb is a living human being.

Despite possible health complications for the baby, Anya gave birth to a beautiful baby girl, Kendra. Praise God, Kendra was born healthy and strong with no health issues. Because YOU support this truth giving, life saving ministry, women like Anya are given truth and hope to make life honoring decisions. On behalf of the women, children, and families we serve, thank you.

FROM THE EXECUTIVE DIRECTOR

Teresa Larkin

During my twenty-three years serving in this ministry, I have never experienced a year like 2023. There have always been challenges—operating a pro-life ministry in the state of Massachusetts has presented numerous obstacles over the years. But 2023 was different. Obstacles turned into attacks; agencies and organizations that should be unbiased showed that they actually were not. We are no longer referred to as Pregnancy Resource Centers but are now identified as “anti-abortion centers.”

My daily decree for me personally and Your Options Medical came from Isaiah 54:17
“No weapon forged against you will prevail, and you will refute every tongue that accuses you. This is the heritage of the servants of the Lord, and this is their vindication from me.”

Yet in the midst of our struggles, God provided numerous blessings. Over two hundred babies were born. We had the privilege of sharing Christ with nearly 200 women. Our financial obligations were met. The lease for our new center in Hyannis was signed. Numerous supporters sent us notes of encouragement. The number of people and churches receiving our monthly email nearly doubled. More than one-hundred and fifty pastors signed a letter showing their support for Your Options and centers like ours. Pregnancy centers and other life affirming agencies in Massachusetts united to work together.

When I began counting all those blessings, I recognized that in spite of all the ugliness, God was doing something beautiful.

Thank you to everyone who gave, who prayed, who served, who encouraged—your support meant the world to us!

FROM OUR BOARD CHAIRMAN

Paul Linehan

We give thanks to you, our faithful supporters, who have partnered with us over this past year. 2023 was indeed a rewarding and challenging year. Despite the “giants” of big tech, government and media arrayed against us, we celebrated nearly 200 babies who were born through the work of this ministry. As the only medically-licensed pregnancy resource organization serving greater Boston, we recognize that the ultrasound was the key to changing hearts and minds. Not only did we hold our own in the face of such great opposition, but the ministry actually grew. God opened a door for us to expand to a new location: Cape Cod. Just this January, we opened a new center in Hyannis, with a plan to deploy the mobile unit to provide ultrasounds throughout the length and breadth of the Cape. This will be in addition to our centers in Revere, Fall River, Brookline and Southbridge.

As we continue to follow God’s leading in 2024, we look to God’s people to help share the burden of defending the unborn. Our prayer is for God to continue to guide us and call even more of His faithful followers to help us defend the lives of those who can’t speak for themselves—all to His honor and glory. Thank you for your support!

PATIENT STATISTICS

The mission of Your Options Medical is to provide the vital medical services and truthful information women and couples need to make life affirming decisions for themselves and their families.

**SPIRITUAL DISCUSSIONS /

FINANCES

As we provide life-affirming services and support to our patients at no cost, we endeavor to steward every donation well. Over the past year, we saw an increase in recurring gifts which allows us to not only meet our financial obligations, but to be able to expand and grow our reach. We are so thankful that 70% of our income came in through recurring and annual gifts. Thank you for your continued, generous support.
